

Bulverde Area Volunteer Fire Department

30240 Cougar Bend
Bulverde, Texas 78163

Dear Resident of Emergency Service District #5:

The Bulverde Area Volunteer Fire Department continues to strive to provide a higher level of service to the district. Your fire department is dedicated to providing a community oriented, progressive and professional service.

In 2006 we took delivery of a new *3000 gallon tanker* and a new *brush truck*. 652 emergency calls were answered making 2006 the busiest year ever, so in January 2007 the fire department became *staffed 24 hours* a day with 2 firefighters around the clock. The around the clock firefighters are in addition to our 18 volunteers. A *public Fire Academy* was started and a *free smoke detector program* will be implemented this year (call to learn more about these two programs). We encourage everyone to come meet your firefighters and let them show you the latest in equipment and techniques that we are using to protect your homes and families.

The fire departments coverage area consists of FM 3009 Eastern Boundary, HWY 46 as a Northern Boundary, Cibolo Creek as a Southern Boundary and the Kendall County Line as a Western boundary. Approximately 92 square miles are covered in the district and approximately 12,000 people are served.

To our new neighbors, welcome to our community. Please help us maintain one of the best volunteer departments in the county. To our old friends, thank you for your unwavering support. Please take the time to mail your tax-deductible donation for 2007 today.
